

CUSTOM PAVERS

For Decks and Driveways

CREATIVITY

Why settle for the usual when you can custom design to match your project's concept?

Artistic Paver Mfg.[®] has always been at the forefront when it comes to our customer's needs. As a designer, you know the details are what makes a project stand out. With that in mind, we recently introduced Artistic Paver's Design Center.

At www.artisticpavers.com/designcenter you choose the imprint, the color and the aggregate. The combinations are endless.

Custom match your color choices, from bright blues and deep blacks, to subtle greens, grays and pinks. Add specialty materials including colored glass, conch shells, mother of pearl or even custom engraving, to enhance the beauty and uniqueness of your project.

Take a tour at www.artisticpavers.com/designcenter and let only your creativity be your limit!

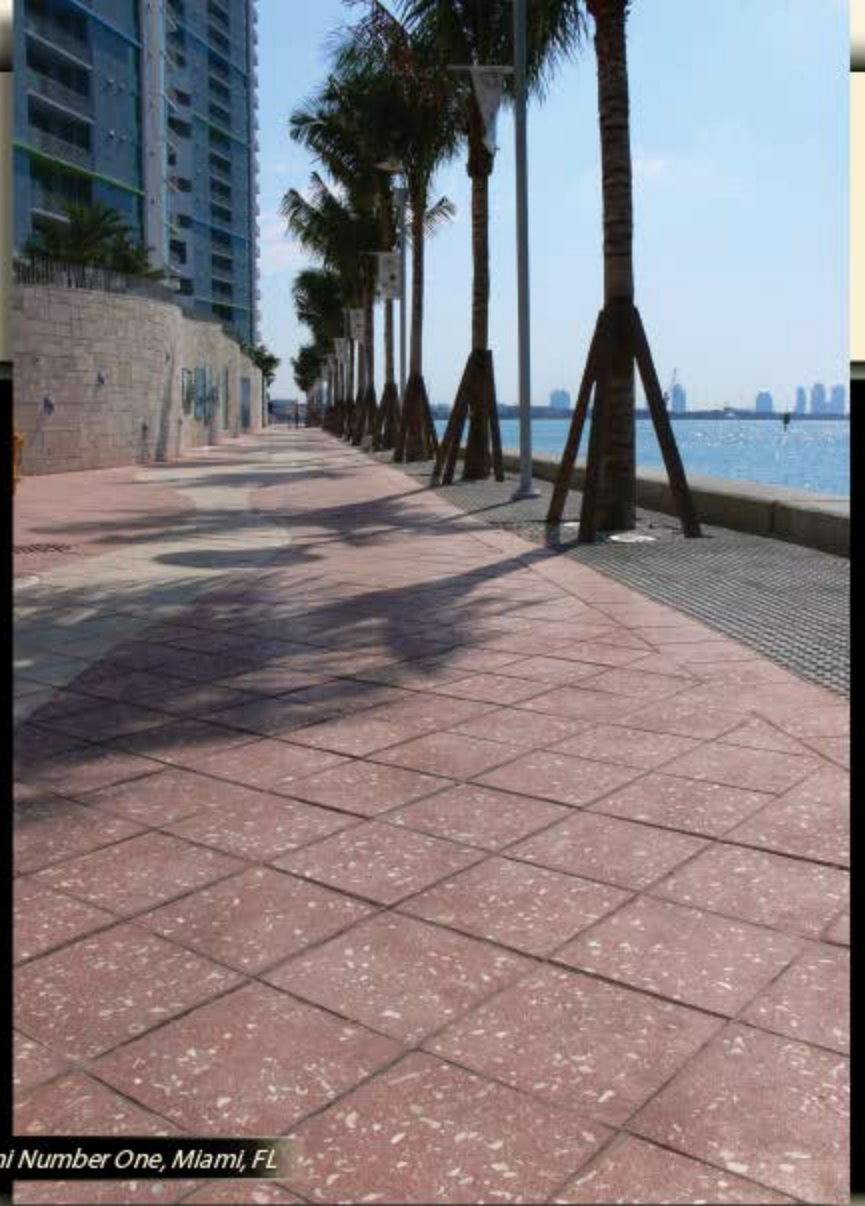

ARTISTIC PAVER MFG.[®]

SPECIALIZING IN UNUSUAL SAND-SET
INTERLOCKING PAVERS FOR A DISTINGUISHED LOOK.

CUSTOMIZE

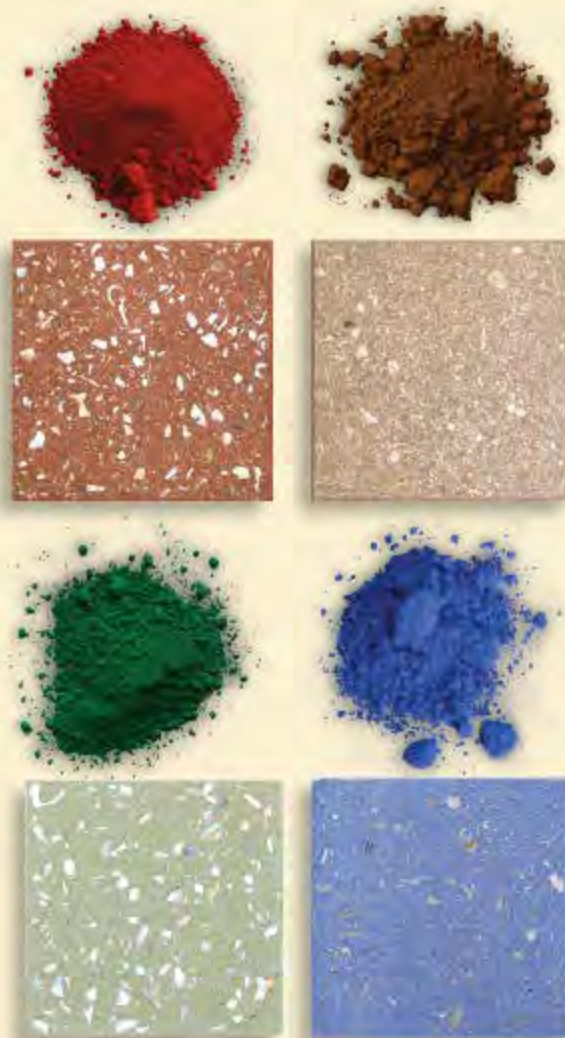

1. *Imprint*

Choose an imprint from our gallery or design your own with our help.

2. *Colors*

The possibility to color coordinate your project.

3. *Aggregates*

Add the aggregates that will make our paver your paver.

Easy as 1, 2, 3...

We transform your idea into reality.

*Recycled materials such as glass, may
classify for LEED points.*

The Yacht Club - Miami, FL

DETAILS

Raised pool beam and double sided coping.

Steps - single sided coping.

Planters - adjacent coping.

Roadlock® for vehicular traffic.

Raised walls - double sided coping.

The difference is in the details.

Whether the project is a master planned development or a backyard retreat, Artistic Pavers' offers many options of decking, coping and specialty pieces to provide a rich looking and durable solution.

Our two distinctive lines, Steplock® and Roadlock®, can be customized to coordinate with the concept of your project.

Steplock® pavers are designed for use in pedestrian traffic applications. Matching coping and specialty pieces can be used as architectural and decorative accents that will complement and coordinate with the paver decking.

Roadlock® pavers are designed for driveways and streetscapes.

Customize your project while still having the functional advantages of pavers.

***Artistic Pavers:
The right choice for any project size.***

Architects, landscape architects and contractors repeatedly choose Artistic Pavers® because our pavers are uniquely elegant, easy to install and easy to maintain.

Artistic Pavers® are a beautiful, yet a functional solution for commercial deck and driveway landscaping projects.

Paving a commercial property is a major endeavor. The true quality of a paver is only realized in how it stands the test of time. Because of our unique manufacturing process, density, strength, and the quality ingredients in our pavers, our pavers add beauty and durability to any project for years to come.
