**PRODUCT DATA SHEET**

**REGION**

**EAST COAST**

**SERIES**

**STEPLOCK®**

**STYLE**

**SHELLOCK®**

The original seashell paver®.

Seashells mixed into the paver and then honed to expose the beauty of each individual seashell in a sleek smooth surface, creating a very comfortable paver to walk on barefoot. The non-slippery polished surface is smooth and impeccably fashionable.

The Shellock® collection is part of our Steplock® Line, exclusively designed for pedestrian applications.

**APPLICATIONS**

Designed for use in pedestrian applications including patios, swimming pool decks, walkways, stepping stones as well as architectural and decorative uses such as raised walls, fountains, benches and planters.

**NOTES**

1. The Shellock® collection has natural shells embedded at different distances from the surface of the paver or coping, and then polished. Therefore, a small percentage of the shells are expected to come loose from the surface and edges of the tile. This occurrence will diminish over a short span of time and in no way will affect the strength of the products.

2. Pavers should be installed from several pallets at a time to maintain the best color consistency.

(*) Due to processes required to manufacture, package, deliver, unpack, install and compact the products, small chipping can be expected.

(**) The 4x8 border pavers are machine cut and not dimensionally consistent. Artistic Paver Mfg. recommends these pavers be used strictly as border material, therefore, not recommended for field material.

**NOTES**

3. The product images in our catalogs, brochures, or shown on monitor screens give a general indication of color for a preliminary selection. We recommend you also view current product samples and look at actual finished projects before making your final decision.

<tbody>
<tr>
<td><strong>SHELLOCK® Atlantic Series¹</strong></td>
<td>Artistic Paver’s Shellock® Paver is a beautiful and elegant alternative to the same old brick paver look. Shellock® consists of actual seashells gathered from mother earth, mixed in each paver and then honed to expose the beauty of the seashells. Shellock® pavers are part of our Steplock® Line, exclusively designed for pedestrian applications. Shellock pavers are very smooth to walk on. Applications include patios, swimming pool decks, lanais, walkways and more. Pavers are calibrated to achieve a uniform dimensions with very little variation for easy installation. Each piece is made to precision with the highest quality of technological machinery available. You can expect a slight variation in shell and shade color which simply adds to the natural appearance of each piece. Shellock® transforms any pool deck into a natural looking paradise. Shellock® Atlantic Series pavers and coping are available in 4 different colors: Ivory, Tan, Café and Silver Sam. Shellock® Atlantic Series is available in sizes: 4&quot;x8&quot;, 8&quot;x8&quot;, 8&quot;x12&quot;, 12&quot;x12&quot;, 12x24&quot;,16&quot;x16&quot;, and 24&quot;x24&quot; in 1-5/8&quot;thickness and the 24&quot;x24&quot; pedestal paver in 2&quot; thickness. Coping and specialty pieces are available in all colors in many different sizes and options of bullnose in one, two, three, four sides or adjacent. Plus the renovation piece and pre-cut spa coping.</td>

</table>

**NOTES**
1. Shellock® Atlantic Series ships from the East Coast and West Coast factories.
2. Shellock® Atlantic Series is only available in Polished (P) finish from the East Coast factory.
3. You can expect a slight variation in shade colors which simply adds to the natural appearance of each piece.
4. Before making a decision on any product or color, we recommend verifying your selection at your local Artistic Paver retailer.
5. The 4x8 border pavers are machine cut and not dimensionally consistent. Artistic Paver Mfg. recommends these pavers should be used strictly as border material, therefore, not recommended for field material.

**ADVANTAGES**

Shellock® pavers are part of our Steplock® Line, exclusively designed for pedestrian applications including patios, swimming pool decks, lanais, walkways and more.

Pavers are calibrated to achieve a uniform thickness.

The beveled cushioned edge on our pavers help to prevent tripping hazards and aids the installer in the leveling process of the paver installation.

Each paver is factory pressed which produces a paver that averages over 9,000 pounds per square inch (PSI). This makes our paver extremely durable and less porous than poured concrete.

This highly dense product resists staining, helps to prevent algae and mildew from attaching itself to the surface of the product and it’s impervious to damage from saltwater pools.

Our pavers require very little maintenance and sealing is optional.

***The 4x8 border pavers are machine cut and not dimensionally consistent. Artistic Paver Mfg. recommends these pavers should be used strictly as border material, therefore, not recommended for field material.***

**FINISH**

**POLISHED**

The polished surface is smooth and very comfortable to walk on barefoot, yet, it has a High Slip Resistance (lower probability of slipping)*.
