SELECT DESIRED DESERT SERIES COLOR:
- Dark Chocolate
- Golden Brown
- Grand Canyon
- Silver Sam

SELECT DESIRED SIZE:
- 8"x8"
- 8"x12"
- 12"x12"

TEST RESULTS ROADLOCK ATLANTIC SERIES AND DESERT SERIES

| COMPRESSIVE STRENGTH - ASTM C-976-13 REQUIREMENTS (REQUIREMENTS 5000 PSI WITH NO INDIVIDUAL UNIT UNDER 7200 PSI) | LAST TEST RESULTS: 10980 PSI (WITH NO INDIVIDUAL UNIT UNDER 10000 PSI) |
| FLEXURE MODULUS OF RUPTURE | AVERAGE 1128 (PSI) | AVERAGE AS RECEIVED AVERAGE AFTER CLEANING |
| COEFFICIENT OF FRICTION (ASTM 1029-84) | DRY NEOLITE: 0.80 DRY NEOLITE: 0.82 | WET NEOLITE: 0.76 WET NEOLITE: 0.75 |

NOTES:
1. Pavers are calibrated to achieve a uniform thickness of approximately 2 3/8" dimensional tolerance +/- 1/16".
2. Because of color dye and natural raw materials inconsistencies, products will have color shade and texture variations.
3. Due to the process required to manufacture, package, deliver, unpack, install and compact, small chipping can be expected.
4. Desert series has exposed aggregates in earth tone colors in a range of sizes (variable sizes) embedded on the paver polished surface. The aggregates are embedded at different distances from the surface of the materials and then polished. Therefore, a small percentage of the material is expected to come loose from the surface and edges of the tile. This occurrence will diminish over a small period of time.
5. Nationwide delivery.
6. Installation to be completed in accordance with manufacturer's specifications.
7. Do not scale drawing.
8. This drawing is intended for use by architects, engineers, contractors, consultants and design professionals for planning purposes only. This drawing may not be used for construction.
9. All information contained herein was current at the time of development but must be reviewed and approved by the product manufacturer to be considered accurate.
