SERIES
STEPLOCK®

STYLE
CORALLOCK®

The distinguished look and texture of coral made durable.

Corallock® is manufactured with a variation of imprint patterns to achieve a great richness of detail throughout the deck. Each piece is created to replicate true coral and present a slight color shade variation intended to mimic the natural tone variations found in nature.

The Corallock® collection is part of our Steplock® Line, exclusively designed for pedestrian applications.

NOTES
1. You can expect a slight variation in shade color and patterns which again, simply adds to the natural appearance of each piece.
2. Pavers should be installed from several pallets at a time to maintain the best color consistency.
3. Due to processes required to manufacture, package, deliver, unpack, install and compact the products, small chipping can be expected.
4. The 4x8 border pavers are machine cut and not dimensionally consistent. Artistic Paver Mfg. recommends these pavers should be used strictly as border material, therefore, not recommended for field material.
5. The product images in our catalogs, brochures, or shown on monitor screens give a general indication of color for a preliminary selection. We recommend you also view current product samples and look at actual finished projects before making your final decision.

CUSTOM COLORS

Custom colors available typically for minimum quantities of 10,000 square feet.

APPLICATIONS

Designed for use in pedestrian applications including patios, swimming pool decks, walkways, stepping stones as well as architectural and decorative uses such as raised walls, fountains, benches and planters.

</table>
| CORALLOCK® | The distinguished look and texture of coral made durable.  
Corallock® pavers are part of our Steplock® Line, exclusively designed for pedestrian applications. Corallock pavers are very smooth to walk on. Applications include patios, swimming pool decks, lanais, walkways and more. Pavers are calibrated to achieve a uniform dimensions with very little variation for easy installation.  
Artistic Paver's Corallock® Paver has beautiful imprints that imitates natural coral. Its coral texture defined in luxurious detail transforms any deck into a rich natural setting.  
Corallock® is manufactured with a variation of imprint patterns to achieve the same richness of details found in nature. Each piece is created with great detail to replicate true coral. The pieces have a slight color shade variation that simply adds to the natural appearance of the deck.  
Corallock® pavers and coping are available in Ivory and come in the sizes 4"x8", 8"x8", 8"x12", 12"x12", 16"x16" and 24"x24" in 1-5/8"thickness and the 24"x24" pedestal paver in 2"thickness.  
Coping and specialty pieces are available in all colors in a many different sizes and options of bullnose in one, two, three, four sides or adjacent. Plus the renovation piece and pre-cut spa coping. |

NOTES
1. Corallock® ships from the East Coast and West Coast factories.  
2. You can expect a slight variation in shade color and patterns, which simply adds to the natural appearance of each piece.  
3. Before making a decision on any product or color, we recommend verifying your selection at your local Artistic Paver retailer.  
4. The 4x8 border pavers are machine cut and not dimensionally consistent. Artistic Paver Mfg. recommends these pavers should be used strictly as border material, therefore, not recommended for field material.
