PRODUCT	DESCRIPTION
<p>ROADLOCK® Desert Series¹</p>	<p>Artistic Paver's Roadlock® Desert Series Driveway Pavers will enrich your driveway with their beauty, durability and ease of maintenance.</p> <p>Designed to meet the technical requirements for a driveway, Roadlock® also has the advantages and versatility of sand-set, interlocking pavers. Because Roadlock® driveway pavers are uniform in shape and calibrated to a thickness of 2-3/8", they install easily in a sand base. This very dense, nonporous product can be installed in any climate and is resistant to salt erosion, secondary efflorescence, staining, algae and mildew growth.</p> <p>Roadlock® Desert Series has exposed and polished aggregates in earth tone colors in a range of sizes for residential and commercial projects. Roadlock® driveway pavers come in 8"x8", 8"x12" and 12"x12" sizes. Mix and match colors and sizes to create a unique look for any project.</p> <p>Roadlock® Line is exclusively designed for vehicular applications. The pavers have spacers which will prevents the driveway to crack, allowing the paved area to be more flexible and accomodate itself under the pressure of light traffic .Even though Roadlock® pavers are designed to be used on driveway, they are very smooth to walk on. Applications include driveways, cul-de-sacks, pedestrian crossings and more. Pavers are calibrated to achieve a uniform dimmensions with very little variation for easy installation.</p> <p>The beveled cushioned edge on our pavers help to prevent tripping hazards and aids the installer in the leveling process of the paver installation.</p> <p>Each paver is factory pressed which produces a paver that averages over 9,000 pounds per square inch (PSI). This makes our paver extremely durable and less porous than poured concrete.</p> <p>This highly dense product resists staining, helps to prevent algae and mildew from attaching itself to the surface of the product and it's impervious to damage from saltwater pools. Our pavers require very little maintenance and sealing is optional.</p>
<p>1. Roadlock® Desert series ships from the West Coast factory. 2. Before making a decision on any product or color, we recommend verifying your selection at your local Artistic Paver retailer.</p>
