SERIES
STEPLOCK®

STYLE
LIMESTONELOCK®

The softness of limestone translated into a state of art paver. A subtly crafted surface that brings to your backyard the smoothness found in ancient architecture in perfect harmony with contemporary styles.

The Limestonelock® collection is part of our Steplock® Line, exclusively designed for pedestrian applications.

COLOR SELECTION - PAVERS AND COPING

Note: The Antiquing process lightens up the original paver color. Check actual samples before making a decision.

APPLICATIONS

 Designed for use in pedestrian applications including patios, swimming pool decks, walkways, stepping stones as well as architectural and decorative uses such as raised walls, fountains, benches and planters.

FINISHES

POLISHED

POLISHED & ANTIQUED (!)

CUSTOM COLORS

Custom colors available typically for minimum quantities of 10,000 square feet.

Adjacent	16x16

NOTES

1. Pavers should be installed from several pallets at a time to maintain the best color consistency.
2. Due to processes required to manufacture, package, deliver, unpack, install and compact the products, small chipping can be expected.
3. The product images in our catalogs, brochures, or shown on monitor screens give a general indication of

color for a preliminary selection. We recommend you also view current product samples and look at actual finished projects before making your final decision.
