SERIES  
STEPLOCK®

STYLE  
**SHELLOCK®**  
ATLANTIC SERIES

The Atlantic Series Collection, the original seashell paver®, has seashells mixed into the paver and then honed to exposed the beauty of each individual seashell, creating a very comfortable paver to walk on with a sleek smooth surface. The non-slippery surface is smooth polished or polished & antiqued and impeccably fashionable and very comfortable to walk on barefoot.

The Shelllock® collection is part of our Steplock® Line, exclusively designed for pedestrian applications.

## COLOR SELECTION - PAVERS AND COPING

### ATLANTIC SERIES COLLECTION

IVORY

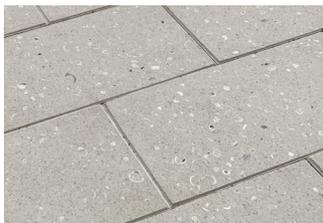

CAFÉ

TAN

## FINISHES

POLISHED

POLISHED & ANTIQUED (\*)

Note: The Antiquing process lightens up the original paver color. Check actual samples before making a decision.

## APPLICATIONS

Designed for use in pedestrian applications including patios, swimming pool decks, walkways, stepping stones as well as architectural and decorative uses such as raised walls, fountains, benches and planters.

## CUSTOM COLORS

Custom colors available typically for minimum quantities of 10,000 square feet.

## PAVER AND PAVING SLABS

Three Sided	4x16, 12x12, 16x16, 24x24
Four Sided	12x12, 16x16, 24x24
Adjacent	12x12, 16x16, 24x24
Remodeling*	4x12 with 3", drop-face, 4" drop-face, 5" drop-face.

(\*) Available only in Polished architectural finish.

### NOTES

- The Shelllock® collections have natural shells embedded at different distances from the surface of the paver or coping, and then polished. Therefore, a small percentage of the shells are expected to come loose from the surface and edges of the tile. This occurrence will diminish over a short span of time and in no way will effect the strength of the products.
- Pavers should be installed from several pallets at a time to maintain the best color consistency.

3. Due to processes required to manufacture, package, deliver, unpack, install and compact the products, small chipping can be expected.

4. The 4x8 border pavers are machine cut and not dimensionally consistent. Artistic Paver Mfg. recommends these pavers should be used strictly as border material, therefore, not recommended for field material.

5. The product images in our catalogs, brochures, or shown on monitor screens give a general indication of color for a preliminary selection. We recommend you also view current product samples and look at actual finished projects before making your final decision.
